

4B Sensor Mounting Kit

Sensor Mounting Kits for barrel sensors

APPLICATION

The 4B Sensor Mounting Kit is able to securely mount barrel sensors in position, including 4B's range of 18 & 30mm wide Inductive sensors.

METHOD OF OPERATION

Made of Stainless Steel and Nylon 66, giving corrosion resistance as well as abrasion resistance and high melting points, the brackets are ideal for harsh environments.

A flexible mounting head and foot can be rotated independently before being locked in the required position using the supplied screws.

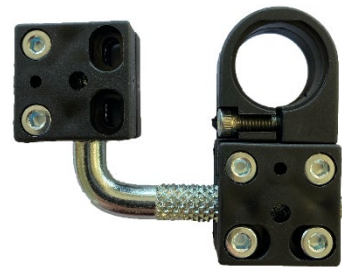

SMK-U-R

FEATURES

- ▶ Secure Fixing
- ▶ Simple Mounting
- ▶ Robust Design
- ▶ Flexible Mounting through 360°
- ▶ Works with Threaded or Smooth Bodied Sensors

PART NUMBERS/ACCESSORIES

- ▶ SMK-30 - 30mm Sensor Mounting Kit
- ▶ SMK-30-R - 30mm Sensor Rail Mounting Kit
- ▶ SMK-18 - 18mm Sensor Mounting Kit
- ▶ SMK-18-R - 18mm Sensor Rail Mounting Kit
- ▶ SMK-U - Universal Sensor Mounting Kit, Suitable for 4, 5, 8, 12, 14, 18, & 30mm sensors
- ▶ SMK-U-R - Universal Sensor Rail Mounting Kit, Suitable for 4, 5, 8, 12, 14, 18, & 30mm sensors
